

Active Adult Community

NIAGARA ON THE LAKE

This new active adult residence is being designed to encompass 120 apartment suites with high-end amenities and services and 17 cottage-style bungalows. The project is located within Niagara-on-the-Lake's street grid within blocks of the 'action' downtown and just north of the Pillar and Post hotel.

The building is scaled to the massing of the local community, enhancing the wonderful pedestrian streets of the town. This adult community is projected to begin occupancy in March of 2008. Lancer expects to announce its operating partner and branding shortly.
